

MFM

International Conference On Mechanics of Functional Materials and Structures

CALL FOR ABSTARCT – MECHANICS CONFERENCE

About Conference: ScienceFather takes the privilege to awarding the Industries, Academicians, Researchers, Scientist, and Regulators from Science, Health and Medical field sacrossthegloboetoits International Events. The Mechanics International Research Conferences is an annual gathering. This Event is a unique international platform that' sameetingofall Researchers. We look For award toper sonallywel coming all the award winners.

Objectives: The Mechanics Conferences International Events is awarding high quality Researchers in different subfields. The purpose of award ceremonies and assemblies is to celebrate researcher achievements and motivate them to continue on their path. The Good researchers are more motivated to succeed in their research field. People want to be respected and valued bothers for their contribution. Offer the opportunity to be up dated on the latest research outputs on several topics. Organize specific workshops around the most attractive and current issues. Gather worldwide experts as Event speakers.

Key Features: Excellent Venue | Inspiring Speakers | Certificate | Medal | Memento | Stage Photograph | Awardees list don website.

Topics of Award Subjects include, but are not limited to: Topics of Conferences Subjects include, but are not limited to: Bio-Mechanics | Bio materials | Contact Mechanics | Elasticity (Mathematical, Thermo, Electro, Electromagneto, Photo) | Fracture and Damage Mechanics | Impact Mechanics and Dynamic Material Behavior | Mechanics of Functional and Intelligent Materials | Mechanics of Functional and Smart Structures | Plasticity (Mathematical, Multiscale, Thermo, Visco) | Solid-Fluid Interaction | Structural Health Monitoring
